

# 2000kW Towable Diesel Generators

Now Available for Sale and Rent by T&T Power Group

T&T Power Group has acquired several CAT XQ2000 trailered generator packages, now available for sale or rent. Engineered to the highest standards, these 2MW gensets feature utility-grade switchgear and controls. As a benchmark for large mobile power generation, these units are a rare find since manufacturers no longer produce trailered generators of this capacity. Contact us for specs, pricing, and availability.
